Emergency Repairs at Longboat Drive
RVE File: 1517-L-140**

Dear Mr. Sutton:

On October 28, 2024 a collapse of the existing sanitary sewer main in the vicinity of 111-114 South Longboat Drive occurred necessitating the emergency repair.

Additionally, on October 31, 2024 a collapse of the existing sanitary sewer main in the vicinity of 109-111 South Longboat Drive occurred also necessitating an emergency repair.

Due to the ongoing demand on the Authority's system, it is our recommendation that both of these failures be declared an emergency for immediate repair.

Under the publicly bid annual contract for Emergency Repairs, awarded to Crest Construction for this year, there are unit prices for all labor and materials, which will be used. This emergency declaration was due to the potential adverse effects to the health, safety, and welfare of the Township residents.

WHEREAS, the Little Egg Harbor Municipal Utilities Authority (hereinafter referred to as the ("Authority")) has received a request from P & A Construction Company, Inc. for a One Hundred Sixty-One (161) day extension to complete Mystic Islands Phase II water and Sewer Improvements.

NOW THEREFORE, BE IT RESOLVED on this 12th day of November 2024 by the Little Egg Harbor Municipal Utilities Authority as follows:
