2026 AUTHORITY BUDGET MESSAGE & ANALYSIS

Little Egg Harbor Municipal Utilities Authority

FISCAL YEAR: July 01, 2025 to June 30, 2026

Answer all questions below using the space provided. Do not attach answers as a separate document.

1. Complete a brief statement on the Fiscal Year 2026 proposed Annual Budget and make comparison to the Fiscal Year 2025 adopted budget for each Revenues and Appropriations. Explain any variances over +/-10% (as shown on budget pages F-2 and F-4) for each individual revenue and appropriation line item. Explanations of variances should include a description of the reason for the increase or decrease in the budgeted line item, not just an indication of the amount and percent of change. Upload any supporting documentation that will help explain the reason for the increase or decrease in the budgeted line item.

After many hours of deliberation, and careful analysis of all available data, the Commissioners of the Authority believe the accompanying budget accurately reflects the revenues and expenditures for the fiscal year July 1, 2025 to June 30, 2026. The detailed budget is considered necessary for the sound water and sewer operations of the Little Egg Harbor Municipal Utilities Authority.

The number of new connections is expected to vary by 10 less units. The service charges, connection and meter fees will increase as is set forth in item #6 of Sheet N-1 (3). Other operating revenues are expected to decrease by 2.5% while sundry revenues are expected to remain flat. Interest rate changes and the amount of cash available for investing account for the anticipated increase in interest earned.

Administrative personnel costs increased by 1.2% while COPS personnel costs increased by 7.8% as a result of staffing considerations and contractual obligations. Administrative other expenses increased by 10.4% while COPS other expenses decreased by 2.6%. Insurance, telephone, building repairs & maintenance, heat, light, power & gas have all increased. A new I-bank loan has increased sundry appropriations, principal and interest payments on debt.

The business/commercial service charges are anticipated to increase by 1.0%, based on actual revenues realized in the prior year.

2. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Program.

Inflation of 2.82% is factored into the proposed budget with consideration given to where reductions in certain line items could be made. With respect to the planned capital program, although 16.8% less is budgeted for capital outlay, the project costs are significantly higher than previously anticipated resulting in the Authority making the decision to plan I-Bank projects every year but on a smaller scale. The planned capital program will not affect the proposed budget but will have an impact on future budgets in-so-far-as when the projects go to permanent financing, debt service will be due on the new loans. I-Bank projects are planned for budget year 2026 with the remaining projects anticipated for budget years 2027 through 2030.

3. Describe the reasons for utilizing Unrestricted Net Position in the proposed Annual Budget (i.e. rate stabilization, debt service reduction, to balance the budget, etc.) If the Authority's budget anticipated a use of Unrestricted Net Position, this question must be answered.

The Authority will not utilize any Net Position in the proposed water and sewer budgets.

FISCAL YEAR: July 01, 2025 to June 30, 2026

Answer all questions below using the space provided. Do not attach answers as a separate document.

4. Identify any sources of funds transferred to the County/Municipality as a budget subsidy or shared service payments, pilot payments, or other types of contracts or agreements. (Example - To provide police services to the Authority, etc. and explain the reason for the transfer (i.e. to balance the County/Municipal Budget, etc.)

No funds are to be transferred to the County/Municipality during this budget cycle.

5. The proposed budget must not reflect an anticipated deficit from 2025 operations. If there exists an accumulated deficit from prior year's budgets (and funding is included in the proposed budget as a result of a prior year deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question.

Any prior year deficits reflected on Sheet F-8 are the result of Investment in Capital Assets Net of Depreciation, Net Position Restricted for Current and Future Debt Service and the Restricted Net Position for Renewal and Replacements. These are offset to a large extent by book entries made for Pension and Other Post Employment Benefits as required by GASB's 68 and 75. Any remaining deficits will be funded through the rate structure proposed in future budgets.

(Prepare a response to deficits in most recent audit report pertaining to Deficits to Unrestricted Net Position caused by recording Pension and Post-Employment Benefits liabilities as required by GASB 68 and GASB 75) and similar types of deficits in the audit report. How would these deficits be funded?

Little Egg Harbor Municipal Utilities Authority

FISCAL YEAR: July 01, 2025 to June 30, 2026

Answer the question below using the space provided.

6. Attach in FAST a schedule of the Authority's existing rate structure (connection fees, parking fees, service charges, etc.) if it has been changed since the prior year budget submission and a schedule of the proposed rate structure for the upcoming fiscal year. Explain any proposed changes in the rate structure and attach the resolution approving the change in rate structure, if applicable. (If no changes to fees or rates, indicate answer as "**Rates Are Staying The Same**").

The existing rate structure has been uploaded to the FAST Portal. The proposed rate structure for the year July 1, 2025 - June 30, 2026 has also been uploaded. The base water rate in the proposed budget is increasing by \$2.00 per quarter from the amount charged in the prior years' budget. The base sewer rate will also increase by \$2.00 per quarter.

Water connection fees will increase to \$3,200.00. Sewer connection fees will increase to \$1,850.00.

Meter fees will increase to \$400.00.

A rate hearing will be held on May 6, 2025. Once the rate hearing has concluded, the governing body will move the resolution to adopt the revised rate schedule at the May 13, 2025 meeting prior to the adoption of the budget. Once the revised rate schedule is adopted, and the Division has given their approval, the resolution to adopt the budget will be moved and voted on at the meeting of May 13, 2025.
