**RE: Little Egg Harbor Municipal Utilities Authority
Emergency Repair at Great Bay Boulevard and Daddy Tucker Drive
RVE File: 1517-M-059**

Dear Mr. Sutton:

On June 10, 2026, our office was made aware of damage to an insertion valve in the vicinity of the intersection of Great Bay Boulevard and Daddy Tucker Drive. It has been determined that the water main itself was damaged due to negligence by the Borough of Tuckerton's Paving Contractor. Due to the emergent nature of this damage, it is therefore the recommendation of this office that the situation be declared an emergency for immediate repair. The Little Egg Harbor MUA contracted Colt; formerly known as Garrison to repair the insertion valve at a cost not to exceed \$11,748.00. This emergency declaration was due to potential adverse effects to health, safety, and welfare of the residents of Little Egg Harbor Township.

If you require any further assistance, please do not hesitate to contact Trace Dittenhofer at our Toms River Office.

Sincerely,

REMINGTON & VERNICK ENGINEERS
